18. OTHERS

(a) Air-conditioning system

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned by the Purchaser on a regular basis. This includes the cleaning of filters, clearing the condensate pipes and charging of gas.

(b) Cable Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the "StarHub Cable Vision Ltd (SCV) and/or internet service providers (ISP) or any other relevant party or any other relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective *subscription channels and/or internet access.

(c) Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to Clause 14.3 the brand, colour and model of all materials, fittings, equipment, finishes, installations and appliances supplied shall be provided subject to Architect's selection, market availability and the sole discretion of the Vendor.

(d) Marble, Limestone and Granite

Marble, limestone and granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble, limestone or granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However granite, being a much harder material than marble cannot be re-polished after installation. Hence some differences may be felt at the joints. *Subject to Clause 14.3, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

(e) Wardrobes, Kitchen Cabinets, Fan Coil Units, Electrical Points, Door Swing Positions and Plaster Ceiling Boards

Layout/location of wardrobes, kitchen cabinets, fan coil units, electrical points, door swing positions and plaster ceiling boards are subject to Architect's sole discretion and final design.

(f) Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor shall assign to the Purchaser such warranties at the time when possession of the Unit is delivered to the Purchaser.

(g) Timber

Timber is a natural materials containing *grain/vein and tonal differences. Thus it is not possible to achieve total consistency of colour and grain in its selection and installation.

(h) Wall

No tiles behind/below kitchen cabinet, long bath and mirror.
Wall surface above the false ceiling level shall be left in its original bare condition.

(i) Planter

Planters are designed for potted plants only. No soil material or turf/plants will be provided to planters.

(j) Tiles

Selected tile sizes and tile surface flatness cannot be perfect and are subject to manufacturing and acceptable range described in Singapore Standards SS483:2000.

(k) Glass

Glass is a manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event.

(l) False Ceiling

The space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purpose. Where removal of equipment is needed, ceiling works would be required. Location of false ceiling is subject to Architect's sole discretion and final design.
