

BAYWIND

RESIDENCES

Freehold Resort Living By The Bay

Where a bay once stood facing crystalline waters, a tranquil sanctuary now resides. Baywind Residences is designed to replicate an exclusive resort.

Retaining both the laid-back vibes of living by the seaside, and the cool ocean drafts that have wafted throughout time. And long may they continue to breeze through, even as the streets are now lined with modern eats and prepares to welcome the upcoming Marine Terrace MRT an 9-minute stroll away from the development.

TAKING A LEAF FROM HERITAGE

Located along the historical shorelines of a mango fish bay, the development aspires to allude the memory of the sea breeze enjoyed from within the homes. Earthy tones and natural materials that induce the senses are specially curated to spruce up the bayfront living experience. Vertical lines, reminiscent of the shopfront landscape that surrounds, are ever-present throughout the development. Intricately prompting connectivity and sequence of spaces where home is a space that creates fond memories, and the union of human relationship is celebrated.
